Summary

Highly motivated Upcoming graduate with a strong foundation in web development technologies including HTML, CSS, JavaScript, and PHP. Eager to leverage these skills and contribute to a collaborative team environment.

Education

- **10TH CLASS , SSC**
  Sai English High School, Maharashtra — 73.40% 2019
- **INTERMEDIATE (12TH CLASS)**
  Sri Chaithanya Junior College, Rajahmundry — 86.80% 2021
- **B Tech (CSE - AIML)**
  Aditya College Of Engineering, Surampalem — 6.7 CGPA 2025

Certificates

- HTML
- CSS
- JAVASCRIPT
- JAVA

Projects

- **Ecommerce Shoe Store** — 2023

  Demonstrated strong web development skills by building a responsive e-commerce shoe store using HTML, CSS, and JavaScript. Implemented features like shopping carts to create a user-friendly shopping experience. This project honed my ability to design for multiple devices and ensure a smooth buying journey for customers.

- **Digital Resume** — 2023

  Built a personal, interactive digital resume using HTML and CSS. This project allowed me to explore web development fundamentals, user interface design, and the power of these languages for self-presentation.
